

# CAPS CASES

From concept to creation since 1982

Caps Cases has a range of boxes that can provide the ideal solution for the packing and transportation of fresh foods, including poultry, vegetables, fish as well as taster hampers and mixed subscription food delivery packs. Further to this we now have a fully recyclable temperature-controlled system available.

Specifically designed with the packer in mind, boxes can be quickly and efficiently assembled without the need for tape. Within the range we have boxes with in-built carry handles, ideally suited to restaurants looking for a way to deliver to clients directly.

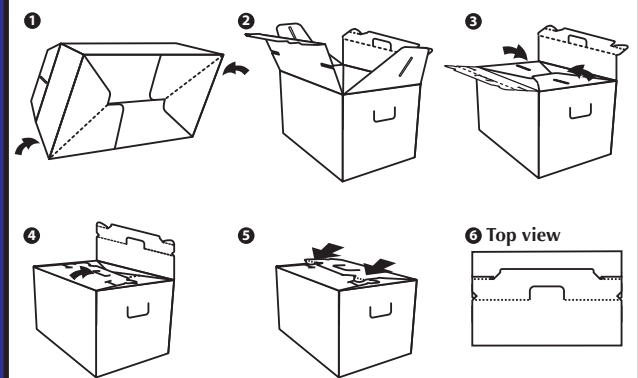

Made from high quality double walled cardboard, the boxes feature a double base flap, providing extra strength, resulting in a highly robust and durable product that can be easily re-used and is 100% recyclable.

Boxes can be printed with your own bespoke logo or design. Plain boxes can be ordered in any quantity required. Bespoke print options are available for orders in excess of 500.

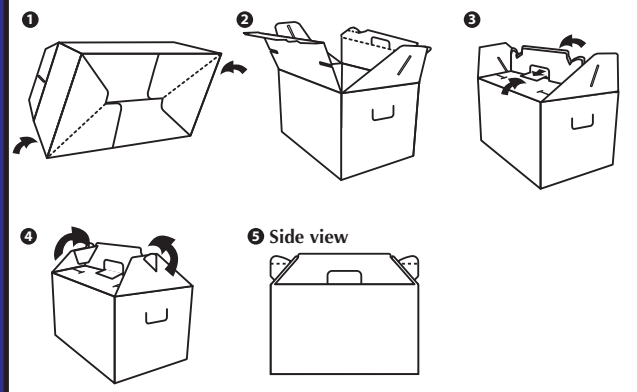

For more information, about our easy to use home delivery boxes, please call us on **01638 667326** or email to [sales@capscases.co.uk](mailto:sales@capscases.co.uk) - we'd be delighted to hear from you.
