

CAPS CASES

Product Safety & Quality Policy Statement

Caps Cases Ltd is committed to producing an extensive range of premium packaging at cost effective prices for both the food non-food marketplace. We manufacture an extensive range of plain and printed corrugated cardboard packaging for a wide array of market sectors. Our packaging is precisely designed while meeting the specialised regulations of the BRCGS standards for Packaging Materials and ISO 9001:2015

It is the policy of the company and the company's responsibility to its Customers to only supply products that are safe and legally compliant. Senior Management is committed to continually improving the BRCGS and ISO 9001:2015 requirements and systems in place at the site through regular reviews and the provision of adequate resources both human and financial.

Hazards within the entire process including storage, production and distribution have been assessed as part of a formal Hazard & Risk Management programme utilising risk assessment principles. Identified hazards have been either eliminated or reduced to a minimum.

Integration of a Hygiene Code of Practice within the Product Safety and Quality Management system ensures that the implementation and monitoring of the required standards are achieved.
